

Sample Assignment

Below are a small sample of the typical kinds of questions you will be asked to research and answer on this course. Why not have a go and see if you can answer any of them before you enrol? Please remember we would not expect you to know any answers at all at this stage so anything you do know already is an advantage.....Good Luck!!!!

- 1: What are the six groups of diseases that affect cats?
- 2: What are the types of feathers found on birds and what is their purpose?
- 3: What are some common foods that fish consume?
- 4: What aspects should be considered when selecting a breed of dog?
- 5: List the various minerals necessary in the diet of an animal?
- 6: Define the terms **nutrition** and **nutrient**?
- 7: What do the terms **animal rights** and **animal welfare** mean?
- 8: What are the guidelines to follow when placing a birdcage in a room?
- 9: Where does the name Guinea pig come from?
- 10: What are the general characteristics of gerbils?
